Local officers help raise $$$ for Special Olympics

On June 1, 1990 traffic along South Avenue in Scotch Plains was tied up for a short time by police vehicles from Scotch Plains, Fanwood, New Jersey State Police and the Port Authority Police. It was not a major disaster but it was a major event, the 1990 Law Enforcement Torch Run for Special Olympics. This was one of numerous torch runs held throughout the state covering approximately 500 miles.

Four police officers from Scotch Plains as well as over 1.000 law enforcement officers from hundreds of agencies carried the “Flame of Hope” through 200 communities from Trenton State College to officially open the 1990 Special Olympic Summer Games.

THE SCOTCH PLAINS/FANWOOD CHAMBER OF COMMERCE
Dear [Editor's Name],

I am writing to express my concern about the recent change in the garbage pickup schedule in our town. As you may know, the previous schedule involved three pickups per week, but the new schedule only allows for one pickup per week.

I understand the financial pressures that the town is facing, but I strongly believe that the current schedule is not feasible. The amount of garbage that accumulates during the week is simply too much, and the odor and pest problems that result are unacceptable.

I urge the town to reconsider this decision and either revert to the previous schedule or implement a solution that allows for more frequent pickups. In the meantime, I will continue to sort my garbage and ensure that it is placed in the correct containers to avoid any violations of the new schedule.

Sincerely,

[Your Name]

Over 100 volunteers of Rutgers Cooperative Extension of Union County were honored recently at a special leader recognition reception, according to Union County Freeholders Walter McLeod, left, and Elmer Ertl, 2nd from right, at the extension’s offices at 300 North Ave., E., Westfield.

The volunteers honored represented the 4-H Youth Development, Home Economics and Agriculture programs, said Ertl. “These programs, and the numerous others available, assist our county residents in improving the quality of their lives and help them solve everyday problems.”

Rutgers Cooperative Extension of Union County can offer assistance in lawns care, vegetable growing, nutrition education, financial instability and in aiding our youngsters to develop basic life skills, personal standards and values and positive self-concepts, among other things.

“These volunteer leaders being honored deserve the recognition we bestow upon them,” McLeod said, “but we will never be able to repay them for their dedication to the residents of Union County, especially our children.”

Vocational Education can be the answer

The United States Department of Labor, Bureau of Labor Statistics has indicated that by the year 2000, 85% of the available jobs will not require a four year college education. This however does not mean that individuals will not require training prior to employment. With the changing technologies of today, high school students as well as adults will need occupational skills that will make them more productive members of society. Vocational Education can be the answer. Union County Vocational-Technical School has programs in fifteen Trade and Industry areas including: Auto Body Repair, Auto Mechanics, Baking, Beauty Culture, Carpentry/Construction, Commercial Art, Diesel Mechanics, Electricity, Electronics Communication & Servicing, Food Service, Graphic Arts, Heating Ventilating & Air Conditioning, Instructional Cassette Tape for Organizing Your Family Reunions, Maintenance Shop, Millwright, Plumbing, Refrigeration, and Welding.

All programs are available to Juniors and Seniors in high school as well as adults of any age. Programs are based on 1000 hours of instruction, and are generally available as either full-time (6 hours per day) or part-time (3 hours per day) programs. If you know someone that you feel can benefit from a Vocational Education experience, please have them call Union County Vocational-Technical School at 889-2000. It’s never too late to get the “working advantage.”

Welcome to LaGrande Park.

LaGrande Park is now open, so come join your friends between the hours of 9-12 and 1-4. This week, the children participated in morning artscrafts. Jamie, Sam, Neil and Tyler Stender, and Chris Plater were able to fly with the wind as they painted their gliders. Many other children took part in making pom pom necklace holders, flower nametag pins, watercolor paintings and toast tongs. The crafts usually take place in the mornings at about 10:15.

Many active children enjoy the sports event of the week. The winners of the Wednesday game were: Captain Jamie Rowan (who led his team to victory), Louis Shulz, Tom Jones, Jason Hildard, Jay Jones, Heather Lanyi, Nick Stender, Scott Lautard, Rick Lanyi and Jamal Coit.

During the Nok-Hockey Tournament, first placers were (8-9 year olds): Alex Wasserman, (10-11 year olds): Jamal Coit and (12-13 year olds): Jim Boyton. In the Hot Potato Game, Jamie Bureta was the winner. In the Bike Wheel Race, Richard Albano and D-Mair, Michael and Megan were all the winners.
