S.P. father charged with son’s murder

"It's a human tragedy, all the way around," is the description given by Defense Attorney Andrew K. Ruotolo in reference to Friday afternoon's strangulation death of 4-year-old Richard Carroll. His father, Robert Carroll, 32, of 521 Hunter Avenue, has been charged with the child's murder.

In addition, the investigation also includes the attempted strangulation of Robert Carroll's 18-month-old daughter, Ashley.

After a 10 month separation from his girlfriend Debra Gannone, the two were involved in a custody battle over their children. Debra Gannone had brought the children to Scotch Plains Friday morning for a visit with their father. Carroll was bringing the children to Somerville for a 1:30 p.m. custody hearing, but did not attend.

The 29-year-old mother became concerned for the whereabouts of her children and telephoned Carroll's house. After receiving no answer she grabbed the girl and ran out of the house. Her brother called police and the rescue squad at a neighbor's home. He attempted to go back into the house, but Carroll prevented him from doing so. Carroll then fled the scene in a bedroom with the two children.

Realizing the young boy was not breathing, Gannone tried to pick him up and a confrontation with Carroll ensued. At that point the mother discovered her daughter lying face down. Gannone grabbed the girl and ran out the house.

S.P. father charged with son's murder

John Rusnak is recipient of Eagle Scout Award

John J. Rusnak, Jr., son of Gloria and John Rusnak of Fanwood, recently received the Eagle Scout Award. A member of Troop 33 of Fanwood, John is fourteen years old and has just completed his freshman year at Scotch Plains-Fanwood High School where he attained the High Honor Roll for each marking period.

After joining Troop 33 in 1986, John earned 8 skill awards and Merit Badges and held many leadership positions. He participated in the Father-Son Campers, Klondike Derby and the Great Canoe Race on the Delaware River, as well as the Scotch Plains-Fanwood Italian Festival.

The Festival, hosted by the Scotch Plains-Fanwood Chapter of UNICO National in conjunction with St. Bartholomew's Church, celebrates the community's Italian-American heritage. The "Italian festa" was begun as a festival honoring St. Nicholas, the patron saint of the Italian-American population in Scotch Plains, emigrants from the Italian province of Chieti, according to UNICO representative John Appenzeller.

The festival is held the first weekend in August and includes Cannoli Ball, Tiro Tournoi, Calzone, Zeppoli, Pasta, Pepperoni, Steak Sandwiches, Peppers, sausage sandwiches, and Italian pastries, including cannoli.

There will be rides and games throughout the four-day event. Raffle tickets for a 1990 Oldsmobile Cutlass Siera and 30/30 tickets will be sold on the premises.

S.P. father charged with son’s murder

Police officers honored by Fanwood Council

by Patricia R. Mundt

Several members of the Fanwood Police Department were honored at the August 8 meeting of the Fanwood Borough Council. A letter of commendation was issued by Chief Anthony Parenti in recognition of Officer Jef frey Pate's efforts in preventing an apparent suicide attempt by an elderly man. In the letter, Chief Parenti praised Officer Pate for his "keen observation and intelligence in handling the situation" and awarded him with the Chief of the Day Award.

During the festivities, the Scotch Plains Police Department Life Saving Medal. Patrolman Russell Yeager also received a letter of commendation from Chief Parenti in praise of his swift response in bringing a person who attempted to leap into the path of an oncoming train. Officer Yeager received the Excellent Duty Award for his efforts. Neither Officer Pate nor Officer Yeager were able to attend the Council meeting for a presentation of their awards due to scheduling conflicts.

Captive Gernander was honored for 35 years of exemplary service with the Fanwood Police Department. Police Commissioner Maryanne Connelly presented the captain with a plaque commemorating his 35 years of professional service within the Borough of Fanwood and offered him a permanent parking space in the Borough of Fanwood. "The Borough of Fanwood has treated me well, and I'm very happy to serve you," Captain Gernander said.

Greg Cummings, member of SP-F Citizen's Against Aircraft Noise addressed the mayor and council in regard to a letter he had written re questing that Fanwood participate in a privately funded aircraft noise study that will be commissioned by Scotch Plains. Mayor Patricia Kuran responded by stating, "My recommendation is that the noise study must be done by the government, by the FAA. They're the ones that mucked it up in the first place. It is an insult to ask County Medical Examiner Dr. Graciela Lanaras determined the cause of death to be strangulation.

Shortly thereafter police arrested Carroll at Quick Chek for operating a motor vehicle with a suspended license.

John Rusnak in reference to John's Eagle project in view of the construction of a new door. After a period of three weekends, he worked with a group of scouts to move the books in an alpha-numerical order from the work area and again back onto the shelves after the work was completed. This was a great assistance to the library since the construction was needed to comply with state regulations.

John was presented his Eagle Award by Robert Morris, District Scout Executives of the Watchung Council. He received many congratulatory letters, among them letters from Pope John Paul II, President and Mrs. Bush, Vice President Quayle, Astronaut Guion Bluford, Governor Florio and Senator D. Francesco at the Court of Honor.

An accomplished saxophone player, this spring, John was presented his Down Beat Magazine's Please turn to page 8 30 CENTS

BOY SCOUT TROOP 33 HOLDS FINAL COURT OF HONOR

Boy Scout Troop 33, sponsored by the Fanco-wood Presbyterian Church, recently held its final Court of Honor for the year 1989-1990, the highlight of which was the presentation of the Eagle Award to John J. Rusnak, Jr. Following a pot luck supper, the evening’s program included a welcome by Carl Swenson as well as an overview of the past year and plans for the coming year. Mr. Hans Breidenstein presented Scouting Awards and Rank Advancements.

Summer Reading Program a success at S.P. Library

Children’s Librarian, Mary Czarnomski, stands alongside certificates awarded to the children who participated in the Summer Reading Program.

The Summer Reading Club, entitled “Reading Pleasures, Deep Sea Treasures,” sponsored by the Scotch Plains Public Library, was a huge success. Over 200 children participated in the week program. Amid the shells and sharks, the children majored such activities as: “Monday Catch of the Day" programs (a story and associated craft); Wednesdays at the Movies and Friday Fun Crafts. All children who participated in the program received a specially designed certificate reflecting this year’s ocean theme. In addition those children who completed the program also received an Issued certificate signed by Governor Florio. This summer’s reading club activities climaxed with two special events which took place on the last week of the program at the Scotch Plains Library. On Thursday, July 30th, the Westfield Summer Workshop Traveling Players, a group of 25 young and talented performers, under the direction of two teachers, Denise Belting and Joanne Gurske, presented a rock 'n' roll revue show titled “Rock On.” These children sang, danced and provided a lively atmosphere in the library’s meeting room. Then, on August 1st, a section of the Scotch Plains Library was dedicated to the Boy Scouts. All children who participated in the Summer Reading Club were invited to this special party. Also during the party, a drawing was held to award prizes based on coupons earned by the children for participating in the Summer Reading Program. A list of these winners is posted in the Children’s Room of the library.

The staff of the Scotch Plains library wishes all children a happy and safe summer.

Muhlenberg will accept applications for screenings

Muhlenberg Regional Medical Center soon will begin accepting appointments for free blood cholesterol and blood pressure checks. This year’s height and weight measurements will be added to the screenings. Free blood cholesterol levels for persons 21 through 55, as well as persons over 55 who know their cholesterol level or who have not had it checked in more than five years, are not under a physician’s care will be included.

This year, all participants who complete the program also received a state issued certificate signed by Governor Florio. It's never too late to learn to earn

Union County Vocational-Technical Schools will open in September. September 5th and there is still time to get involved. Union County Vo-Tech will accept enrollment in fifteen separate programs which are not filled to capacity through September 5th. However, that's not really what is indicated by the statement "It's never too late to learn to earn." If you think that time has somehow passed you by and you're too old to get started...think again!

Union County Vocational-Technical Schools encourage all individuals over the age of 16 to participate. It's the reason, not age that should determine your participation. If an individual needs new occupational skills or wants to up-grade old ones in order to become more employable, then Union County Vocational-Technical Schools is the place to be. The school offers programs in fifteen separate trade and industry areas including: Auto Body, Auto Mechanics, Baking, Beauty Culture, Commercial Art, Carpenters, Construction, Diesel Mechanics, Electrical, Electronics, Communications & Service, Food Service, Heating, Ventilation Air Conditioning, Machine Shop, Metalworking, Refrigeration, Sheet Metal, and Welding. If you or someone you know needs to become employed, we have help. For more information, the Administration Office of Union County Vocational-Technical Schools at 889-2000 immediately.
Students prepare for technological workplace

With numerous job opportunities available in the engineering technologies, students at Union County College can prepare for a technological workplace with an eye towards advanced education. According to Prof. Bohdan Lukaschewsky of Cranford, chair of the Engineering/Physics/Engineering Technologies Department.

At its Scotch Plains Campus, Union County College offers Associate Degree programs in Civil/Construction Engineering Technology, Computer Integrated Manufacturing Engineering Technology, Electronic Engineering/Robotics, Electronics Engineering Technology, with an option in Laser/Electro-Optics and Mechanical Engineering Technology.

Prof. Lukaschewsky pointed out that students can engage in technology programs as either full-time or part-time students and can attend classes in either the daytime or the evening.

"While students obtain practical training in a state-of-the-art laboratory, they also accumulate credits that may be directly transferable to a four-year engineering technology degree program," Prof. Lukaschewsky said. "The engineering technology major receives the hands-on experience that is marketable for employment upon graduation. Thus, with a two-year associate degree, an engineering technology student can secure a well-paying job with a strong future, while still enrolled in a bachelor's degree program. In fact, many students who are employed attend college full-time to develop within a potential career area, while others take specialized courses to enhance their existing career knowledge, or work in other areas and seek to re-direct their careers," Prof. Lukaschewsky said.

In the second year, the student gets to work directly with some easily sophisticated equipment," notes Prof. Lukaschewsky.

For more information, call 1-800-762-8378.

theory and applications, digital computer logic and gates, communications systems, microprocessors and automatic control systems.

Electronic Engineering Technology with the laser/electro-optics option provides students for employment with applications in welding, communications, medicine, scientific research, military and aerospace projects, while the Mechanical Engineering Technology major prepares students for employment in engineering and manufacturing firms, and research and development laboratories in the areas of CAD/CAM machinery and tool design, computer-integrating manufacturing, facilities design, electronic packaging and materials testing.

"By the second year, the student gets to work with some fairly sophisticated equipment," notes Prof. Lukaschewsky.

Students attend college full-time to develop within a potential career area, while others take specialized courses to enhance their existing career knowledge, or work in other areas and seek to re-direct their careers, Prof. Lukaschewsky said.

If you feel this type of work, you can't beat the program...you get to play with things you like and get paid for it once you graduate."

Program coordinators work directly with students to place them in industry, Prof. Lukaschewsky said.

Those interested in further information should call Prof. Lukaschewsky at 889-8394, 889-8338, or the College's Admissions Hotline at 709-1590.

W was unmasked and David was acknowledged as the true composer of the psalms. Joab was finally a jealous agent who connived to get the rights to the psalms and sold them to the publishers of the Bible. Abner chimed in, "Look, Dave, show biz will be too! God Bless you all.

The budget summit has Schwaped a hoiium of rumoreu tax changes, including speculates that the mortgage interest deduction will be changed.

Currently, the law allows homeowner to deduct the interest that they pay on their mortgages form their taxable income. Changing the mortgage interest deduction would mainly hurt middle class families, whose major investments is their home.

I can think of few tax changes that would be more damaging to our economy, and I will fight to prevent any of them. The House of Representatives should make a clear and unequivocal tws to those participating in the budget summit: the House will reject such a move.

I would have been concerned that most of the proposed tax increases that have come out of the budget summit are aimed at families and the middle class. Congress has forgotten the foundation of our society, and should not be taken out of existence.

Actually, no one has proven to my satisfaction that a tax increase is needed to balance the budget. I can find a large number of federal programs that are either unnecessary or duplicate other efforts. The Grace Commission identified dozens of these a few years ago, and many of its recommendations still have not been implemented.

Instead of this frenzy to raise taxes, Congress should be systematically reviewing each and every federal program and deciding which ones should still be funded. We simply cannot afford to be a government that does everything for everyone. Just like a family has to develop priorities and live within a budget. It is also time for Congress to allow money saved in individual retirement accounts to be used for a down payment on housing. Young families want to buy a first home will have to come up with even higher down payments because of new restrictions imposed by housing lenders and higher home prices.

IRA's have proven to be a safe and effective way to encourage and assist families who want to save. I strongly support broadening the use of IRAS to include housing down payments.

Don't take your eye off the ball! o'clock, so you could drop off to sleep, only to be awakened, many times between 2:00 and 3:00 a.m. And then at 6:00 a.m. you get the "wake up call", compliments of the FAA—and the noise and pollution start all over again, all day long.

4. You call the Port Authority, the FAA, the Mayor, your Councilman, the Governor, your Congressman, Senate or the item to be doing something; others did 'loip service'.

5. You're told this new route was done for safety reasons, that it's safer for planes to fly over homes (worry miles away from the airport. But you can't fly over rivers, oceans, industrialized areas, and other hindrances. Are we talking safety only, or economics?

6. I've called and asked the FAA to come do a noise study in my area.

7. And second, God Bless you all.

8. It's your problem, this was your decision, and your suggestion was to sound-proof my house! I had my planes less than a week ago, there was nothing what goes on. I have had planes less than a week ago, there was nothing what goes on. I have had planes less than a week ago, there was nothing what goes on. I have had planes less than a week ago, there was nothing what goes on.

9. One day, four at the same time, coming from three directions! The only response I received from the FAA was from someone in Washington (whose name I'll keep to myself for the time being) and his suggestion was to sound-proof my house! The FAA is externalizing their costs and I am paying for it! Pauline Stone

College named students to President's List

Twenty-six Scotch Plains and Fanwood residents are among 340 full-time and part-time students named to the President's List at Union County College for the Spring Semester 1989. It was announced by Dr. Smith of Elizabeth, UCC acting president.

The President's List recognizes students who have achieved a minimum of a 3.5 cumulative average based on a 4.0 scale, Smith said.

The College offers transfer programs with 24 options in liberal arts, business, education, criminal justice, engineering, and physical science, which lead to an Associate in Arts degree. Courses in these programs parallel freshman and sophomore offerings at four-year colleges and universities and are eligible to transfer to these institutions. About 40 percent of the graduates of these programs each year standing to 500 colleges and universities in all.

Career programs, which are also designed to provide immediate employment, are offered in Accounting, Business Administration, Computer Science/Data Processing, Fire Science, Paramedicine, Computer Science, Chemical Technology, Medical Laboratory Technology, Electronics Technology, Dental Laboratory Technology, Medical Laboratory Technologies, and Dental Assisting.

Schlott office places 1st at company ceremony

The Westfield office of Schlott Realtors has set a new company record as the number one sales office for the fourth consecutive year. The office dominated the firm’s Ninth Annual Awards Ceremony held recently at the Ramada Renaissance in East Brunswick, taking first place in every performance category. Manager Marilyn Kelly returned to the dais time and time again to receive awards for selling the highest number of their own listings, selling the most homes of any office in the company, and for overall production. In addition to receiving awards for office production, Ms. Kelly received the top honor in the President’s Club for Managers, an exclusive group of the firm’s 15 most successful managers. She also accepted honors as manager with the greatest number of associates receiving performance awards, and the office originating the most multi-million dollar and million dollar sales.

"After only five years in operation, the Westfield office handles a greater annual sales volume than most real estate companies ever seen," said Dick Schlott, president of Schlott Realtors. "They outsell their closest competitor in the Westfield area by three to one, and year after year break our company records for achievement. I don’t think there is another residential resale office in the entire country that comes close to our Westfield office in production."

Schlott Realtors Westfield office is located at 264 E. Broad Street.

Congratulations Marilyn Kelly, manager of Schlott Realtors’ Westfield office, on winning first place in every category at the firm’s annual awards ceremony, is Richard L. Schlott, president of Schlott Realtors.

Rainbow Rhythmic Team competes in Nationals

Local area residents who are participants in the Scotch Plains Recreation Competitive rhythmic program traveled to the National Championships held in Florida, May 25-27. For Class I, Aken Tanaka took a first place finish for rope and ball. For Class II, Cara Miller had a first in hoop, two thirds for floor and all around. Ruth Tate won a sixth place in hoop, a third in ribbon in all around, a second in clubs, and a fifth in rope. Sarah Chieffo had a ninetieth place for all around and a third in hoop.

Selected girls for the team are: Aken Tanaka, Cara Miller, Sarah Chieffo, and Hey-Young Choi were named to the President’s Club for sales associates with a sales volume of $6 million or more. Kay Gragnano, Carol Lyons, Kathryn Shea, John DeMarco, and Rich Margatich were named to the President’s Club for sales associates with a sales volume of $4 million. And twenty-five Westfield sales associates were named to the firm’s multi-million dollar and million dollar clubs.

"After only five years in operation, the Westfield office handles a greater annual sales volume than most real estate companies ever seen," said Dick Schlott, president of Schlott Realtors. "They outsell their closest competitor in the Westfield area by three to one, and year after year break our company records for achievement. I don’t think there is another residential resale office in the entire country that comes close to our Westfield office in production."

Schlott Realtors Westfield office is located at 264 E. Broad Street.

BLACK CARPENTER ANTS CAN DAMAGE YOUR HOME

Black Carpenter Ants are a pest you may want to keep an eye on. They can damage your home by digging tunnels and also by entering your house through cracks and crevices. If you see evidence of their activity, it is important to take action immediately. Call BLISS EXTERMINATORS for prompt and effective treatment.

Contact BLISS EXTERMINATORS for more information about how to prevent and control black carpenter ants. We offer a variety of services to help you protect your home from these pests.

Phone: 756-6666

The Scotch Plains Senior Woman’s Club recently held its Super Sunday Telethon to help raise funds for the annual United Jewish Campaign, which helps provide services for many beneficiary agencies in Central N.J., Israel and throughout the world. Over $600,000 was raised during this all-day telethon.

Meeting prior to the telethon to help plan for the important day are (from left to right) Jody and Peals Levy of Springfield, Isabel Fenglich of Scotch Plains, Randy Mendel, Crawford; Cynthia Samuel, Scotch Plains; Sam Alexander, Springfiel; Betty Seidel, Mountainside; Cynthia Hollander, Watchung.

The Jewish Federation of Central New Jersey is the central fundraising, planning and budgeting, and community relations agency of the organized Jewish community. For further information regarding the Jewish Federation of Central New Jersey, or if you are urged to call Howard Gases at 351-5660.

Westfield BPW to hold membership open house

The Westfield Chapter of the Business and Professional Women’s Organization is holding a membership open house on Thursday, August 23 at the Southwyck Estates in Scotch Plains at 7:30 p.m.

Airman 1st Class Sandra Mendillo has graduated from Air Force basic training at Lackland Air Force Base, Texas. Mendillo is the daughter of Mr. and Mrs. Elia Mendillo of Scotch Plains.

She is a 1983 graduate of Scotch Plains-Fanwood High School and a 1989 graduate of Keen College of New Jersey, Union.

Navy Ensign Ronald F. Kramps, son of Frederick and Eleanor B. Kramps of Scotch Plains, graduated from the United States Naval Academy, Annapolis, Md., May 30th, and was commissioned in the United States Navy.

At the Naval Academy, Kramps experienced four years of intensive academic, physical and professional training culminating with a Bachelor of Science degree with a major in Ocean Engineering.

He is a 1986 graduate of Scotch Plains-Fanwood High School. Ensign Kramps will report to the Naval Air Station, Pensacola, Fla., for flight training.

CHIT CHAT

Elsie Sharrett, daughter of Dr. and Mrs. Richard Sharrett of Scotch Plains, recently graduated Cum Laude from Gettysburg College with a Bachelor’s Degree in English. She spent the second semester of her junior year studying at the University of York, England. Her last semester at Gettysburg, Elsie worked as an intern at The Gettysburg Review, a nationally acclaimed literary publication.

Gary Ostrowski of Scotch Plains, has been named to the Dean’s List and President’s List of Devry Institute in Woodbridge, after maintaining a straight grade “A” average for the past three trimesters.

Soccer is a Tough Sport. We teach you to be a "soft touch".

The Scotch Plains-Fanwood Youth Baseball Association 11 Year Old Tournament was exciting for the players as a third place finish was achieved. The team had an opportunity to reach the finals, but fell slightly short of their goal.

The team got off to a rough start as it dropped short of their goal. citing for the players as a Kyle Atkins pitched into the first inning tournament was expected, North Bergen club. Another loss would knock the players out of the next game as they faced Woodbridge in the semi-finals. Woodbridge was pushed into the loser's bracket after it suffered a heartbreak in the 10th inning on account of darkness. For St. Louis, Kent Thomson knocked in 2 RBIs, and Marty Lilly, Ken Wegner, Tom Uber each had 2 hits. For St. Charles, Uly Saney and Walt Metzer each had 2 hits. One of Metzer's hits (a run on home) came with 2 out in the seventh inning to tie the game.

St. Michael beat St. Anne to 3 thanks to Karl Grossman's 5 RBIs and Pete De Cristofaro's 3 for 4 with 4 runs scored. For St. Louis, Ed Sweeney, Mike Camfield and Andy MacDonald each had 2 hits.

Time-hitting by Hank Graf of St. Henry helped them slip by St. Edward. St. Henry scored twice in the bottom of the seventh inning for an exciting 3-2 come-from-behind victory.

Highland Swim Club continued winning ways.

Brandeis Wright (H), C. Nardiello (CSC). New best time of 34:58.

Christine Knudsen, Girls' 13/17 Scotch: S. McFadden (CSC), L. Washbourne (H). Girls' 13/17 IM: J. Gates (H), J. Kopicki (CSC), S. Kudhalski (H), D. McDonald (H).

Here's a familiar game for small businesses . . .

It's called ring-around-the-rosy-with-your-bank. Instead of quickly helping you when you need flexible or special financing for your small business, your bank gives you delays and excuses. It's a game you don't need to play.

Highland Swim Club continued its winning season with a triumph over Crawford Swim Club on July 23rd. Adding to the excitement of the meet were the setting of three new record times.

Christine Knudsen, Girls' 15/17 Scotch Backstroke by setting a record time in Girls' 15/17 Scotch.
